

Home Perimeter Pest Spray RTU

{or other product name}

WARNING

Keep Out of Reach of Children

See additional Precautionary Statements on back panel

Active Ingredients:

Clove Oil 0.05%

Cottonseed Oil 0.05%

Inert Ingredients* 99.90%

Total 100.00%

*Distilled Water, Soap, Glycerin, Myristic Acid, Potassium Oleate and Potassium

Stearate

(Note: The Ingredients Statement maybe on the front or back panel; it must, however, be presented in this format.)

Net Contents: _____ fl oz (____ mL)

Select from the following Marketing Claims:

Proven effective against ants, beetles, earwigs, fleas, roaches, spiders, ticks and stink bugs

Lower cost than synthetic chemicals and other natural formulas

No supply chain problems like with Pyrethrum-containing products

Quick Kill Formula

Safe for use around dogs, cats and other furred pets

No Known Resistance

Works on Resistant Species

DIRECTIONS FOR USE

Read entire label prior to use and use product as directed. Shake well before use or dilution. Spray surfaces to be treated from a distance of 8-12 inches, directly spraying listed pests. Use 2-4 trigger sprayer pumps, depending upon pest pressure, and thoroughly wet listed pests, but not to the point of saturation/runoff.

Perimeter Treatments: Before applying to outside perimeter of a structure, rake back mulch, debris and leaf litter to expose the ground (nesting areas). Directly spray pests, focusing your efforts on at least a 12" band along the entire perimeter. Pay close attention to the base of the foundation (the crack where the soil dries and pulls away from the foundation). This expansion crack is a key harborage and traveling location for many pest species. To reduce pests' access into structures, cut back vegetation and branches that touch the foundation and minimize any rocks, wood piles and other potential harborages that are close to, or against, the building. Also spray around window and door frames, vents, utility lines entering the structure and along the eaves. Repeat as necessary.

PRECAUTIONARY STATEMENTS

WARNING: May cause allergic skin reaction.

Prevention: Avoid breathing mist/vapors/spray. Wear protective gloves.

Response: If on Skin: Wash with plenty of soap and water. If irritation or rash occurs, get medical advice/attention. Wash contaminated clothing before reuse. If irritation persists, call a physician or 1-800-222-1222 for emergency medical treatment information.

Storage and Disposal: Keep away from children and pets. Store in original, tightly closed container in a cool, dry area. Non-refillable container; do not reuse or refill this container. Recycle empty container, or discard in trash.
